Dear Sir:

Applicant agrees in part with the Examiner's statement of reasons for allowance in that the prior art of record fails to anticipate or render obvious the claimed invention. However, Applicant notes that the Examiner's statement fails to address all limitations of all of the allowed claims. For example, certain claim limitations were not discussed in the Examiner's reasons for allowance.

Application No.: 10/715,555

Docket No.: M4065.0812/P812-A

Applicant submits that the scope of the claims should be interpreted based on the actual language of the allowed claims, and no further limitation of the claims should be inferred from the Examiner's Statement of Reasons For Allowance.
